

Maths for the week beginning 15th June 2020

We are continuing using Oak National Academy. The site has been set up by the government to provide home learning lessons for most subjects. There is still a specific maths focus for both year groups and there are still input videos for you to watch. The work for year 3s is to describe 2D and 3D shapes and their properties and for year 4s, the focus is on shape and space.

There are 5 lessons to complete and each lesson has its own link. Once you click on the link you then click start lesson and follow the instructions. The lessons have a beginning quiz and a video for you to watch. During the video, you will be asked to pause and answer some questions using the online worksheets. Once you have completed the worksheets there is an exit quiz. You will not need paper copies of the worksheets for these lessons. All you will need is your workbook, a pencil, a rubber and a ruler.

The lessons below are revision activities to remind your child of some of the work we have already covered in school. Please do not worry if your child seems to have forgotten the work, this is very normal. If they don't manage to complete the work in one go, your child can always repeat or continue the activity the following day. With regard to printing the worksheets, the sheets are not downloadable from the Oak Academy website and some of the lessons have more than 2 activities (sheets) per lesson, therefore, it is not feasible for school to print that many sheets. Please follow the guidance within the videos and you will find that you will not need them. As you know, we value your feedback so please let us know how you are getting on with this new structure.

Best wishes from Mrs B, Mrs P, Mrs S and Mrs A

Year 3 Maths

These lessons are revision lessons but they are designed to recap and make sure you understand the main concepts that you will need for your maths work next year.

Mon	Complete Lesson 1: Shapes: To describe 2D shapes based on their properties from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-3/maths/to-describe-2-d-shapes-based-on-their-properties-year-3-wk6-1
Tues	Complete Lesson 2: shapes: To draw 2-D shapes based on their properties from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-3/maths/to-draw-2-d-shapes-based-on-their-properties-year-3-wk6-2
Wed	Complete Lesson 3: Shapes: To describe the properties of 3D shapes from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-3/maths/to-describe-the-properties-of-3d-shapes-year-3-wk6-3
Thur	Complete Lesson 4: Shapes: To identify and describe symmetry in 2D shapes from Oak National Academy. Please click on the link below to access the lesson video then complete the work sheets. https://www.thenational.academy/year-3/maths/to-identify-and-describe-symmetry-in-2d-shapes-year-3-wk6-4
Fri	Complete Lesson 5: Shapes: To revise shapes from Oak National Academy. Please click on the link below to access the lesson video then complete the work sheets. https://www.thenational.academy/year-3/maths/to-revise-shapes-year-3-wk6-5

Year 4 Maths

These lessons are revision lessons but they are designed to recap and make sure you understand the main concepts that you will need for your maths work next year.

Mon	Complete Lesson 1: Shape and symmetry: To compare and order angles from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-4/maths/shape-and-symmetry-to-compare-and-order-angles-year-4-wk6-1
Tues	Complete Lesson 2: Shape and symmetry: To identify right angles from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-4/maths/shape-and-symmetry-to-identify-right-angles-year-4-wk6-2
Wed	Complete Lesson 3: Shape and symmetry: To identify acute and obtuse angles from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-4/maths/shape-and-symmetry-to-identify-acute-and-obtuse-angles-year-4-wk6-3
Thur	Complete Lesson 4: Shape and symmetry: To investigate angles within shapes from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-4/maths/shape-and-symmetry-to-investigate-angles-within-shapes-year-4-wk6-4
Fri	Complete Lesson 5: Shape and symmetry: To solve problems based on angles from Oak National Academy. Please click on the link below to access the lesson video then complete the worksheets. https://www.thenational.academy/year-4/maths/shape-and-symmetry-to-solve-problems-based-on-angles-year-4-wk6-5
