

## Year 5/6 Home Learning Pack

Week beginning 06.07.20

This week's pack contains the following:

- Reading - From chapter 39 onwards of Holes there are 5 activities.
- Maths - This week you will be looking at addition and subtraction of decimals, applying your knowledge of place value and column methods.
- Science - Continuing with our living things topic, investigate growth and change in human beings.
- Computing - Explore the use of pixels in computing. Can you create your own!?
- Grammar - This week's grammar will develop your understanding and ability to use different types of parenthesis.
- Writing - This week you will be using a newspaper article to inspire your writing. There are tasks to complete from what you have read.

We would love to see the work that you are completing throughout the week so please continue to e-mail your work to your class teacher or the office.

Having a structure and routine for each day is very important and it will help keep your brains and bodies active! Here is a suggestion of how you might choose to organise your home learning each day.

8.30-9	<b>Good morning!</b> Get up, dressed and have breakfast
9-9.30	<b>Keep Active!</b> Do something to help you stay fit!
10 - 10.30	<b>Activity 1</b> Choose a maths, reading or foundation subject activity.
10.30 -11	Get some fresh air: play in the garden or work on your science activities Check out the school website for other ideas on outdoor learning
11-12	<b>Activity 2</b> Choose another maths, reading or foundation subject activity.
12-1	<b>Lunch</b> Have lunch and relax!
1-2	<b>Activity 3</b> Choose another maths, reading or foundation subject activity.
2-3	<b>Activity 4 OR Mayan Project work</b> Work on your final activity for the day.

Remember if you need any support with this week's home learning please do not hesitate to contact us.

**Stay safe everyone!**

From all the year 5/6 practitioners.
