

Writing

This week for your final write, we would like you to create a non-chronological report on South America. Choose a country in South America from the list below that you are interested in learning more about.

Argentina	Paraguay
Bolivia	Peru
Brazil	Suriname
Chile	Uruguay
Colombia	Venezuela
Ecuador	Falkland Islands
Guyana	
French Guiana	

First, you need to think about the different elements you are going to include in your non-chronological report - What subheadings are you going to include?

For example:

- Introduction
- Physical features
- Human features
- People
- Food

Don't forget, you would see images on a report like this. You might like to include the country's flag and an image of where that country is on the map.

This website is a great place to visit to help you with this:

<https://www.activityvillage.co.uk/south-america>

Other websites that might help you gather information are these:

<https://www.kids-world-travel-guide.com/south-america-facts.html>

<https://www.ducksters.com/geography/southamerica.php>

<https://www.nationalgeographic.org/encyclopedia/south-america-physical-geography/>

If you don't have access to the internet for this activity then create a non-chronological report on something you know a lot about!
