

THE FEDERATION OF  
SCAPEGOAT HILL J&I AND  
LINTHWAITE CLOUGH JI&EY SCHOOLS

# SPECIAL EDUCATIONAL NEEDS AND DISABILITY POLICY

Approved by the Governing Body: February 2020

Review date: February 2021 (or sooner if changes to the law or practice)

*SLC Federation vision – to be a community of confident, creative learners thriving together in a rich, inclusive environment that raises the aspirations of each unique child.*

## **SPECIAL EDUCATIONAL NEEDS & DISABILITY POLICY**

### **Status: Consultation Document**

Headteacher: Mrs Nikki Barker  
Inclusion Manager (SENDCO): Jill Wood

Jill Wood is non-class based; she holds the accredited national qualification for SENDCO.

Jill Wood will attend staff, leadership team and governors' meetings if possible. Otherwise, Nikki Barker is the advocate for pupils with SEND at such meetings.

We at the Scapegoat Hill J&I & Linthwaite Clough JI&EY (SLC) Federation are committed to making our best endeavours to meet the special educational needs of pupils and ensuring that they achieve the best possible educational and other outcomes. It is the genuine aim of each school to develop the academic potential of each child: and to cater for the social, moral, physical and spiritual requirements of each individual in a happy and secure environment. We are two friendly schools and we know our children and their carers well. We firmly believe every teacher is a teacher of every child, including those with SEND.

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (September 2014) 3.65 and has been written with reference to the following guidance and documents:

- Equality Act 2010: Advice for Schools DfE Feb 2013
- SEND Code of Practice 0-25 (September 2014)
- Schools SEND Information Report Regulations (2014)

This policy has been created by the school's SENDCO, and is to be used initially for consultation purposes with governors, staff and parents/carers of pupils with special educational needs and disability.

## **Aims**

We value all the children in our schools equally and we recognise the entitlement of each child to receive the best possible education. Within a caring and mutually supportive environment we aim to:

- Build upon the strengths and achievements of the child
- Create an environment in which all individuals are valued, have respect for one another and grow in self-esteem
- Give equal access to all aspects of school life through academic, social and practical experiences. This will allow all children to experience success regardless of SEN, disability or any other factor that may affect their attainment. This is in so far as it is reasonably practical and compatible with the child receiving their special educational provision and the effective education of their fellow pupils
- Ensure that effective channels of communication are sustained so that all persons including parents and carers are aware of the pupil's progress and Special Educational Provision (SEP) made for them
- Assess children regularly so that those with SEND are identified as early as possible
- Enable pupils with special educational needs to make the greatest progress possible
- Work towards developing expertise in using inclusive teaching and learning strategies

## **Objectives**

In order to achieve our aims and to ensure that children with special educational needs achieve their full potential and make progress we will:

- Work within the guidance provided in the SEND Code of Practice 0-25 Years (2014)
- Ensure pupil participation and involvement in their learning, with increasing responsibility for their learning and behaviour as they move through the school
- Ensure good parent and carer involvement in children's learning and development
- Ensure that the school offers a broad, balanced and differentiated curriculum that is accessible to pupils with special educational needs and promotes high standards of attainment and achievement
- Ensure that the learning needs of pupils with special educational needs are identified and assessed as early as possible; that outcomes of Special Educational Provision (SEP) are determined; and that their progress towards these outcomes is closely monitored
- Ensure all teachers take responsibility for planning and meeting the learning needs of special educational needs pupils, and of deploying support staff effectively to meet children's learning needs
- Ensure that the school liaises with special schools and outside agencies effectively to meet the needs of staff and pupils

## **Broad Areas of Need**

These four broad areas give an overview of the range of needs that may be planned for:

- Communication and interaction
- Cognition and learning

- Social, emotional and mental health difficulties
- Sensory and/or physical impairment

The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. We identify the needs of pupils by considering the needs of the whole child, which will include not just the special educational needs of the child or young person.

There are occasions when progress and attainment are affected by factors other than special educational needs. For example:

- Having a disability
- Attendance and punctuality
- Health and welfare
- Using English as an Additional Language (EAL)
- Being in receipt of Pupil Premium Grant
- Being a Looked After Child

Where this is the case, appropriate provision will be made, but this does not automatically necessitate the child receiving Special Educational Provision (SEP).

### **A Graduated Approach to SEND Support**

The schools are committed to early identification in order to meet the needs of children with SEND. Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. Teachers' ongoing assessment will provide information about areas where a child is not progressing satisfactorily. These observations may be supported by formal assessments such as Baseline Assessment, SATs or the use of spelling, reading, comprehension materials in consultation with the SENDCO to consider what else might be done – the child's learning characteristics; the learning environment, the task and the teaching style should always be considered. Progress for children will be achieved by focussing on classroom organisation, teaching materials, teaching style and differentiation. If subsequent intervention does not lead to adequate progress then the teacher will consult the SENDCO to review the strategies that have been used. This review may lead to the conclusion that the pupil requires help that is additional to or different from that which is normally available. This would constitute Special Educational Provision (SEP) and the child would be registered as receiving SEND Support. We seek to identify pupils making less than expected progress given their age and individual circumstances. This can be characterised by progress which:

- is significantly slower than that of their peers starting from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers
- widens the attainment gap
- fails to make progress with wider development or social and emotional needs
- fails to make progress in self-help, social and personal skills

The schools will use the graduated approach as advised in the Code of Practice 0-25 Years – 'Assess, Plan, Do, Review'. This process is initiated, facilitated and overseen by the SENDCO,

whilst the class teacher is responsible for carrying out the process of assessing, planning, doing and reviewing. Where external agencies are involved, the SENDCO will be responsible for liaising with those agencies. The SENDCO will also provide advice and guidance throughout the process, and may carry out some additional assessment. The SENDCO will update all records of provision and impact of that provision. The teacher will maintain the personalised plans and keep them updated.

**ASSESS** - The teacher and SENDCO will consider all of the information gathered from within the school about the pupil's progress, alongside national data and expectations of progress. This will include formative assessment, using effective tools and early assessment materials. From this, we identify the child's current attainment, achievements and learning profile. This may involve taking advice from the SENDCO, external specialists and may include the use of diagnostic and other assessments to determine the exact areas of need and strategies recommended. Where external specialists are involved directly with the pupil, parental consent will be sought first. Information may also be gathered using person-centered tools to discover what is important to the pupil and how best we can support them.

**PLAN** – Pupils and parents will be involved in the planning process as much as possible. Person-centered tools may be employed to facilitate this. This means that the pupil and their parents/carers are supported in the planning process to arrive at goals and plans that make them key players in the learning process. This will be used to ascertain aspirations and outcomes for the child in the short and longer term. Parents and pupils will take away a copy of the plans for the term, which will include the expected outcomes, actions and strategies and provision to be used. A review date will also be set.

**DO** - The strategies and interventions agreed in the plan will be implemented and progress monitored using the school's usual assessment systems, plus specific tracking of progress through any interventions. Progress may be measured through assessment scores and/or through qualitative observations.

**REVIEW** - The progress of the pupil will be reviewed at the end of the specified period of intervention. This review will form the basis of further assessment and planning. Meetings with pupils and parents happen at least termly.

Each school's Local Offer can be found on each individual school website.

This indicates the type of provision the schools currently offer to pupils with SEN and disability. It is reviewed annually. The level and type of provision decided on for individual pupils is that which is required to meet the planned outcomes.

### **Statutory Assessment of SEND**

If any school is unable to meet with all of the agreed provision from its existing resources, finance and staffing expertise; and the outcomes for the child are not improving despite SEND Support, then the school may request a statutory assessment from the Local Authority, which may lead to an Education, Health and Care Plan.

The school will provide the evidence about the child's progress over time, documentation in relation to the child's SEND Support and any action taken to deal with their needs, including

any resources or special arrangements in place.

This information may include:

- the child's personalised plans
- records of reviews with pupils and parents, and their outcomes
- Single Assessment (if applicable)
- medical information where relevant
- National Curriculum attainment, and wider learning profile
- educational and other assessments, e.g. Educational Psychologist
- views of the parent and the child
- involvement of outside agencies (SALT, CHEWS, CAMHS)

If the Local Authority (LA) agrees to a Statutory Assessment, it must assess the education, health and care needs of that child. The LA must request advice and information on the child and the provision that must be put in place to meet those needs from:

- parents/carers and/or child
- the school
- an educational psychologist
- health
- social care
- anyone else that parents/carers request
- a specialist teacher for the visually impaired or hearing impaired, if appropriate

From this information, it must then be decided whether or not to issue an Education, Health and Care Plan (EHCP). Further information can be found on the LA website:

<https://www.kirkleeslocaloffer.org.uk/information-and-advice>

### **Annual Review of the EHC Plan**

All EHC Plans must be reviewed at least annually. The SENDCO initiates the process of inviting relevant people to the meeting. This will include pupils, parents and others close to the child who pupils and parents would like to attend. Relevant professionals from within school and outside agencies will also be invited, as will a representative from the LA. The review will be person (child)-centred, looking at:

- progress on actions towards agreed outcomes
- what we appreciate and admire about the child
- what is important to the child now
- what is important to the child in the future
- how best to support the child
- questions to answer/issues we are struggling with
- action plan

Any amendments to the EHC Plan will be recorded. The SENDCO will record the outcomes of this meeting and the Headteacher will ensure that it is sent to the LA.

## Criteria for Exiting Special Educational Provision

A child may no longer require SEP, where they:

- make progress significantly quicker than that of their peers
- close the attainment gap between them and their peers
- make significant progress with wider development or social and emotional needs, such that they no longer require provision that is additional to or different from their peers
- make progress in self-help, social and personal skills, such that they no longer require provision that is additional to or different from their peers

This would be determined at the review stage.

## Supporting Pupils and Families

Kirklees Local Authority's Local Offer can be found at:

<https://www.kirkleeslocaloffer.org.uk/information-and-advice>

The schools are committed to working closely with parents. Parents meet regularly with school staff and concerns and successes are shared. Parents are made aware of the Information, Advice and Support Services (IASS), formerly Parent Partnership Service, and supported to engage with external agencies.

Parents will be involved at every stage of their child's progress, through liaison with the class teacher and later the SENDCO. Parents are encouraged to be involved with target setting for personalised plans. Some home activities may be provided. Parents and pupils are invited to target setting meetings and to review progress. Parents of children with EHC Plans will also be invited to a yearly review, along with relevant support service personnel connected to the child, and the pupil themselves. The Governors' Annual Report informs all parents of changes to the SEND Policy and of the outcomes of targets set in the Policy and new targets set for the coming year.

Medical issues are first discussed with the parents/carer. If support is required the school nurse will be contacted. The child may then be referred for assessment through his/her GP.

The Educational Welfare Officer is contactable by school to offer advice. If a teacher is concerned about the welfare of a child they should consult the Federation Child Protection Co-ordinator.

Depending on the special educational needs of the children different agencies may be involved e.g. occupational therapist, speech and language therapist (SALT), physiotherapist, psychiatrist, the Traveller Service.

The Federation Child Protection Co-ordinator is Jill Wood and the Deputy Senior Designated person is Nikki Barker.

The position of the School's Child Protection Governor is Jo Rymer.

## Admissions

Pupils with special educational needs will be admitted to the two schools within the SLC Federation in line with the school's admissions policy. Each school is aware of the statutory requirements of the Children and Families Act 2014 and will meet the Act's requirements. Each school will use their induction meetings to work closely with parents to ascertain whether a child has been identified as having, or possibly having special educational needs. In the case of a pupil joining the school from another school, the new school will seek to ascertain from parents whether the child has special education needs and will access previous records as quickly as possible. If the school is alerted to the fact that a child may have a difficulty in learning they will make their best endeavors to collect all relevant information and plan a relevant differentiated curriculum. The Admissions policy is available upon request.

When a pupil transfers to another school, transfer documents, including full records of their special educational needs, will be sent to the receiving school. On transfer to secondary school the Year 6 teacher and SENDCO will meet with the SENDCO of the receiving school to discuss SEND records and the needs of the individual pupils. An invitation will be issued for a representative of the receiving school to attend the transition review meeting held in Year 5/6.

## Medical Needs

The school recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some may also have special educational needs (SEND) and may have an Education, Health and Care (EHC) plan which brings together health and social care needs, as well as their special educational provision and the SEND Code of Practice (2014) is followed.

Each school's policy on medical needs is available on request.

## Monitoring and Evaluation of SEND

The following will be used as indicators of the successful intervention on behalf of the SEN pupils:

Quantitative Judgements	Qualitative Judgements
Movement up and down stages – and off the register	Staff views (teacher, SENDCO, SSA)
On-going assessment	Parental views (noted at review meetings or parents' meetings)
SATS scores/levels	Pupil views
Intervention scores	Outside agency views
IEP targets met	Pupils' books
Complaints	

This policy will be reviewed annually and updated in the light of new developments.

## **Training and Resources**

Governors will ensure that there is a suitably qualified SENDCO who has the time necessary to undertake the role. Time is identified for staff to review pupil progress, discuss pupil curriculum needs and to transfer information between classes and phases. Teacher assistant time is allocated to ensure pupils receive the individual support outlined in the individual plans and teachers are responsible for ensuring this takes place and is monitored.

The Governors ensure that time is allocated to allow for monitoring of provision and pupil progress.

Training for teachers and teacher assistants is provided both within school and through other professional development activities.

The schools use funding to provide external professional advice and support for individual pupils in line with their statements and in relation to needs.

The governors will ensure that they are kept fully abreast of their statutory responsibilities by attending training and receiving regular updates from the Headteacher or the SENDCO.

The SENDCO will keep abreast of current research and thinking on SEN matters.

The SENDCO will be supported to enhance their knowledge, skills and abilities through courses or from the support of other professionals.

The SENDCO will disseminate knowledge or skills gained through staff meetings, whole school INSET or consultation with individual members of staff.

External agencies may be invited to take part in INSET.

SEND training is included within INSET days and staff meetings to reflect the needs of the school and individual staff members.

Funding is deployed in the budget to meet the cost of:

- employing a SENDCO and SEND support
- providing one to one or small group teaching in both schools
- buying materials and resources for both schools
- meeting the budget to pay for support staff and training

Money received for an EHC Plan is allocated according to the pupil's needs and the LA banding document to ensure appropriate provision.

## **Roles and Responsibilities**

### **The Governing Body**

The SEND Governor, Sonia King, will support the Governors to fulfil their statutory obligations by ensuring:

- the Standards and Curriculum (S&C) and Children, Families and Community (Ch,F&C)

Committees receive a report at each meeting to update progress on SEND issues,

- the SEND policy is reviewed annually,
- the governors' annual report includes SEND updates
- each school prospectus explains how the school implements the special educational needs statutory requirements reflecting what the school has in place and actually provides for pupils with special educational needs.

### **The Headteacher**

The Headteacher is the Federation's 'responsible person' and manages the Federation's special educational needs work. The Headteacher will keep the Governing Body informed about the special educational needs provision made by the Federation. The Headteacher will work closely with the SENDCO, the Special Needs Governor and Staff to ensure the effective day-to-day operation of the school's special educational needs policy. The Headteacher and the SENDCO will identify areas for development in special educational needs and contribute to the school's improvement plan.

### **The Special Educational Needs Disability Co-ordinator (SENDCO)**

The SENDCO is responsible for:

- co-ordinating SEND provision for children,
- liaising with and advising teachers,
- maintaining the school's SEND register and overseeing the records of all pupils with special educational needs,
- liaising with parents of children with special educational needs,
- liaising with external agencies including the educational psychology service and other support agencies, medical and social services and voluntary bodies,
- consultation with the class teacher to ensure that the provision and IEPs are current and that reviews take place.

### **Role of Class Teacher and Support Staff**

Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. Both the teaching staff and the support assistants have an integrated role in curriculum planning and in supporting the child's learning. They are fully involved in the identification, curriculum differentiation and assessment of pupils with SEND. They work together with the SENDCO to formulate and review IEPs and to maintain a class SEND file that is kept in the classroom for reference by staff including supply staff and students as appropriate.

### **Storing and Managing Information**

The confidential nature of SEND information is fully recognised throughout the Federation. Hard copy files are stored in the Headteacher's office, whilst electronic files are stored with the SENDCO on a locked memory stick and CPOMS (Child Protection Online Management System)

### **Reviewing the Policy**

This policy will be reviewed annually by SENDCO, Head and other staff, governors and parents of children with SEND.

## **Accessibility**

The DDA, as amended by the SEN and Disability Act 2001, placed a duty on all schools and LAs to plan to increase over time the accessibility of schools for disabled pupils and to implement their plans.

## **Complaints**

The complaint procedure for special educational needs mirrors the school's other complaints procedures. Should a parent or carer have a concern about the special provision made for their child they should in the first instance discuss this with the class teacher. If the matter is not resolved satisfactorily parents have recourse to the following:

- discuss the problem with the SENDCO
- discuss the problem with the Headteacher
- the Headteacher may refer the matter to the Area Special Needs Officer. Parents are informed about Information Advice and Support Services (formerly Parent Partnership) and how to make representations to the LA
- more serious on-going concerns should be presented in writing to the SEN Governor, who will inform the Chairman of the Governors, School Adviser, or the LA SEN Adviser as appropriate.

## **Bullying**

Bullying is taken very seriously at the SLC Federation. Each school's policy on anti-bullying is available on request.

Statistically, children with SEND are more likely than their peers to experience bullying. Consequently, staff and governors at across the Federation endeavour to generate a culture of support and care among pupils.

## **Glossary of Terms**

EWO – Educational Welfare Officer  
IEP – Individual Educational Plan  
Key Stage 1 – Infants  
Key Stage 2 – Juniors  
LA – Local Authority  
SATs – Standard Assessment Tests  
SEN – Special Educational Needs  
SEND – Special Educational Needs and Disability  
SENCO – Special Educational Needs Co-ordinator
